TARIFF RELATIONS

BETWEEN

THE UNITED STATES AND THE DOMINION OF CANADA

CORRESPONDENCE RESPECTING NEGOTIATIONS

1911

WASHINGTON, January 21, 1911.

DEAR MR. SECRETARY,—

1. The negotiations initiated by the President several months ago through your communication to His Excellency the British Ambassador respecting a reciprocal tariff arrangement between the United States and Canada, and since carried on directly between representatives of the Governments of the two countries, have now, we are happy to say, reached a stage which gives reasonable assurance of a conclusion satisfactory to both countries.

2. We desire to set forth what we understand to be the contemplated arrangement, and to ask you to confirm it.

3. It is agreed that the desired tariff changes shall not take the formal shape of a treaty, but that the Governments of the two countries will use their utmost efforts to bring about such changes by concurrent legislation at Washington and Ottawa.

4. The Governments of the two countries having made this agreement from the conviction that, if confirmed by the necessary legislative authorities, it will benefit the people on both sides of the border line, we may reasonably hope and expect that the arrangement, if so confirmed, will remain in operation for a considerable period. Only this expectation on the part of both Governments would justify the time and labour that have been employed in the maturing of the proposed measures. Nevertheless, it is distinctly understood that we do not attempt to bind for the future the action of the United States Congress or the Parliament of Canada, but that each of these authorities shall be absolutely free to make any change of tariff policy or of any other matter covered by the present arrangement that may be deemed expedient. We look for the continuance of the arrangement, not because either party is bound to it, but because of our conviction that the more liberal trade policy thus to be established will be viewed by the people of the United States and Canada as one which will strengthen the friendly relations now happily prevailing and promote the commercial interests of both countries.

5. As respects a considerable list of articles produced in both countries, we have been able to agree that they shall be reciprocally free. A list of the articles to be admitted free of duty into the United States when imported from Canada, and into Canada when imported from the United States, is set forth in Schedule A.

6. As respects another group of articles, we have been able to agree upon common rates of duty to be applied to such articles when imported into the United States from Canada or into Canada from the United States. A list of these articles, with the rates of duty, is set forth in Schedule B.

7. In a few instances it has been found that the adoption of a common rate will be inconvenient and therefore exceptions have to be made.

8. Schedule C specifies articles upon which the United States will levy the rates therein set forth when such articles are imported from Canada.

9. Schedule D specifies articles upon which Canada will levy the rates therein set forth when such articles are imported from the United States.

10. With respect to the discussions that have taken place concerning the duties upon the several grades of pulp, printing paper, &c.—mechanically ground wood pulp, chemical wood pulp, bleached and unbleached, news printing paper and other printing paper and board made from wood pulp, of the value not exceeding four cents per pound at the place of shipment—we note that you desire to provide that such articles from Canada shall be made free of duty in the United States only upon certain conditions respecting the shipment of pulp wood from Canada. It is necessary that we should point out that this is a matter in which we are not in a position to make any agreement. The restrictions at present existing in Canada are of a Provincial character. They have been adopted by several of the Provinces with regard to what are believed to be Provincial interests. We have neither the right nor the desire to interfere with the Provincial authorities in the free exercise of their constitutional powers in the administration of their public lands. The provisions you are proposing to make respecting the conditions upon which these classes of pulp and paper may be imported into the United States free of duty must necessarily be for the present inoperative. Whether the Provincial Governments will desire to in any way modify their regulations with a view to securing the free admission of pulp and paper from their Provinces into the market of the United States, must be a question for the Provincial authorities to decide. In the meantime, the present duties on pulp and paper imported from the United States into Canada will remain. Whenever pulp and paper of the classes already mentioned are admitted into the United States free of duty from all parts of Canada, then similar articles, when imported from the United States, shall be admitted into Canada free of duty.

11. The tariff changes proposed might not alone be sufficient to fully bring about the more favourable conditions which both parties desire. It is conceivable that Customs regulations which are deemed essential in some cases might operate unfavourably upon the trade between the United States and Canada, and that such regulations, if made without due regard to the special conditions of the two countries, might to some extent defeat the good purpose of the present arrangement. It is agreed that the utmost care shall be taken by both Governments to see that only such Customs regulations are adopted as are reasonably necessary for the protection of the Treasury against fraud; that no regulation shall be made or maintained which unreasonably hampers the more liberal exchange of commodities now proposed; that representations on either side as to the unfavourable operation of any regulation will receive from the other all due consideration, with the earnest purpose of removing any just cause of complaint; and that, if any further legislation is found necessary to enable either Government to carry out the purposes of this provision, such legislation will be sought from Congress or Parliament as the case may be.

12. The Government of Canada agrees that, until otherwise determined by them, the licenses hitherto issued to United States fishing vessels under the provisions of section 3 of chapter 47 of the Revised Statutes of Canada, granting to such vessels certain privileges on the Atlantic coast of Canada shall continue to be issued and that the fee to be paid to the Government of Canada for such license by the owner or commander of any such United States vessel shall hereafter be one dollar per annum.

13. It is understood that upon a day and hour to be agreed upon between the two Governments, the President of the United States will communicate to Congress the conclusions now reached and recommend the adoption of such legislation as may be necessary on the part of the United States to give effect to the proposed arrangement.

14. It is understood that simultaneously with the sending of such communication to the United States Congress by the President, the Canadian Government will communicate to the Parliament of Canada the conclusions now reached, and will thereupon take the necessary steps to procure such legislation as is required to give effect to the proposed arrangement.

15. Such legislation on the part of the United States may contain a provision that it shall not come into operation until the United States Government are assured that corresponding legislation has been or will be passed by the parliament of Canada; and in like manner the legislation on the part of Canada may contain a provision that it shall not come into operation until the Government of Canada are assured that corresponding legislation has been passed or will be passed by the Congress of the United States.

Yours faithfully,

(Sgd.) W. S. FIELDING.
WM. PATERSON.

The Honourable P. C. Knox,
Secretary of State,
Washington, D.C.

DEPARTMENT OF STATE, WASHINGTON,
January 21, 1911.

The Hon. W. S. FIELDING, and
The Hon. WILLIAM PATERSON
Washington.

GENTLEMEN,—I have the honour to acknowledge the receipt of your communication of this date in relation to the negotiations initiated by the President several months ago for a reciprocal trade arrangement between the United States and Canada, in which you set forth and ask me to confirm your understanding of the results of our recent conferences in continuation of these negotiations.

I take great pleasure in replying that your statement of the proposed arrangement is entirely in accord with my understanding of it.

It is a matter of some regret on our part that we have been unable to adjust our differences on the subject of wood pulp, pulp wood and print paper. We recognize the difficulties to which you refer growing out of the nature of the relations between the Dominion and Provincial Governments, and for the present we must be content with the conditional arrangement which has been proposed in Schedule A attached to your letter.

I fully appreciate the importance, to which you call attention, of not permitting a too rigid customs administration to interfere with the successful operation of our agreement, if it is approved by the Congress of the United States and the Parliament of Canada, and I desire to confirm your statement of our understanding on this point. I am satisfied that the spirit evinced on both sides gives assurance that every effort will be made to secure the full measure of benefit which is contemplated in entering into this arrangement.

The assurance that you give that the Dominion Government proposes to require only a nominal fee from the fishing vessels of the United States for the privileges in Canadian waters for which heretofore a charge of \$1.50 per ton for each vessel has been required is most gratifying.

I heartily concur in your statement of the purposes inspiring the negotiations and in the views expressed by you as to the mutual benefits to be derived by both countries in the event our work is confirmed, and I take this opportunity to assure you, on behalf of the President, of his appreciation of the cordial spirit in which you have met us in these negotiations.

I have the honor to be, gentlemen,

Your obedient servant,

(Signed) P. C. KNOX.
